News Release

Otolaryngologist and Fellowship Trained Laryngologist Joins Community Hospital

Mesa County, CO - Community Hospital is pleased to announce that Emily Ambrose, MD has recently joined Community Hospital's Grand Valley ENT and Facial Plastic Surgeons. Community Hospital is adding laryngology to a long list of new service line options offered to residents of the Grand Valley and surrounding areas. Grand Valley ENT and Facial Plastic Surgeons is located at 2373 G Road, Suite 270, in the medical office building adjacent to Community Hospital.

Community Hospital added ear, nose and throat services in 2016, with the addition of Adam Baker, MD and Katie McKee-Cole, MD. Grand Valley ENT & Facial Plastic Surgeons provides full spectrum otolaryngology services. Adam Baker, MD and Katie McKee-Cole, MD, are both fellowship trained and board certified ear, nose and throat physicians. Dr. Baker specializes in facial plastic surgery and reconstruction and Dr. McKee-Cole specializes in pediatric otolaryngology.

With the addition of a third otolaryngologist and fellowship trained laryngologist, Community Hospital will be well positioned to meet the needs of patients seeking comprehensive ear, nose and throat services. Specializing in voice disorders, airway disease and throat cancer, Dr. Ambrose is the only fellowship trained laryngologist between Denver and Salt Lake.

"I am thrilled to be able to pursue my passion for otolaryngology and laryngology at Community Hospital," said Emily Ambrose, MD. "I was extremely impressed with Dr. Baker and Dr. McKee-Cole at Grand Valley ENT as well as the entire team at Community Hospital. As the only fellowship trained laryngologist between Denver and Salt Lake, I hope to add value to the team and attract even more patients who might have otherwise traveled elsewhere to receive care," added Dr. Ambrose.

"We are very excited to have Dr. Ambrose join our team," said Adam Baker, MD, board certified and fellowship trained otolaryngologist and facial plastic surgeon with Community Hospital's Grand Valley ENT and Facial Plastic Surgeons. "She is exactly the caliber of physician that you can only hope to have associated with your organization," added Dr. Baker.

Community Hospital is a Level III Trauma Center offering full outpatient diagnostic services and inpatient care for the Western Slope region of Colorado and eastern Utah. Community Hospital brings together expert staff and world-class technology in a healing, family-centered environment. For more information, please visit www.YourCommunityHospital.com.
