

## Community Hospital Volunteer Opportunities

Volunteers are an essential part of Community Hospital. They bring their own unique qualities, time and energy to our patients, visitors, employees and physicians. It is our hope that our volunteers find the satisfaction and personal fulfillment that comes with serving others and being a part of a worthwhile cause. Volunteering is an opportunity for adults to give back some of their life-learned skills and for students to test a potential career path. Join us today!

**Gift Shop Volunteers** are part of a team in a unique, fun environment where volunteers greet and chat with customers, assist with their shopping needs and get creative in designing merchandise displays.

**For more information**, please contact Christina O'Dell, Director of Volunteer Services, by calling (970) 644-3541 or email [codell@gjhosp.org](mailto:codell@gjhosp.org)!
