

## **Community Hospital Volunteer Opportunities**

Volunteers are an essential part of Community Hospital. They bring their own unique qualities, time and energy to our patients, visitors, employees and physicians. It is our hope that our volunteers find the satisfaction and personal fulfillment that comes with serving others and being a part of a worthwhile cause. Volunteering is an opportunity for adults to give back some of their life-learned skills and for students to test a potential career path. Join us today!

**Guest Relations Volunteers** are the first encounter for our patients, visitors and guests. Volunteers greet visitors in a friendly, warm manner. Volunteers escort patients, visitors and guests to locations throughout the building, deliver mail and flowers, ensure wheel chairs are available and clean, and do some clerical work or special projects.

**For more information**, please contact Christina O'Dell, Director of Volunteer Services, by calling (970) 644-3541 or email [codell@gjhosp.org](mailto:codell@gjhosp.org)!

Great People.  
Great Care.  
Great Choice!
