

Community Hospital Volunteer Opportunities

Volunteers are an essential part of Community Hospital. They bring their own unique qualities, time and energy to our patients, visitors, employees and physicians. It is our hope that our volunteers find the satisfaction and personal fulfillment that comes with serving others and being a part of a worthwhile cause. Volunteering is an opportunity for adults to give back some of their life-learned skills and for students to test a potential career path. Join us today!

Pediatric Therapy Clinic Volunteers assist staff with staging rooms for upcoming therapy sessions and evaluations, creating materials for therapy sessions, cleaning toys and rooms, laminating, making copies of handouts and materials for therapy sessions, maintaining storage area, and special projects.

For more information, please contact Christina O'Dell, Director of Volunteer Services, by calling (970) 644-3541 or email codell@gjhosp.org!

Great People.
Great Care.
Great Choice!
