Discounts and Payment Options for Those Without Insurance
Community Hospital offers patients who do not have insurance multiple discount options and payment plans. These include prompt-pay discounts, with payment in full for some services. If you cannot pay in full we are happy to work with you on a payment plan.

Important Information:
Community Hospital is committed to providing you with access to our most commonly billed hospital charges.

• The below prices are current as of May 1, 2018 and are subject to change without notification.
• The below listed price for each procedure code is an estimate only, based on historical data with self-pay discounts applied.
• You may receive additional bills from physicians or other providers. These may include separate bills from the radiologist, surgeon, anesthesiologist or pathologist who perform or interpret the results of your procedure.
• The cost of your care may vary from the average charge listed below, depending on the services provided to you.
• Your final bill will reflect the specific services provided to you and the actual cost of those services.

If you have any questions regarding your Community Hospital bill, please call the Business Office at 970-256-6200. Business Office hours are Monday through Friday 8:00 a.m. to 5:00 p.m.

Imaging/ Radiology - Ultrasound Procedures
Pricing of Radiology Procedures: These prices do not include the radiologist’s fee to read the imaging procedure. The radiologist that interprets the images from your exam will bill you separately.

- Ultrasound Abdomen, Complete Study - $549.50
- Ultrasound Breast Unilateral, Limited Study - $357.00
- Ultrasound OB, 2nd or 3rd Trimester - $549.50

Infections
- Severe Sepsis with Major Complications - $30,137.67
- Severe Sepsis Without Major Complications - $21,632.20

Joint & Spine
- Hip/Femur Procedures with Complications - $33,739.16
- Joint Replacement/Reattachment Lower Extremity - $31,637.14
- Joint Replacement/Reattachment Upper Extremity - $35,713.00
- Spinal Fusion (except cervical) without Complications - $48,342.28

Kidney & Bladder
- Kidney Failure with Complications - $16,892.59
- Kidney Failure with Major Complications - $25,679.63

Lab Tests
- A1C Hemoglobin - $58.80
- Basic metabolic panel - $37.80
- Blood Antibody Screen - $68.60
- Complete Blood Count with Differential (CBCw/diff) - $30.10
- Comprehensive Metabolic Panel - $49.00
- Creatine - $30.10
- Culture Strep Group A Confirm - $43.40
- Glucose - $25.20
- HCG Urine - $42.00
- Hemogram - $42.00
- Lipase - $46.20
- Lipid Panel - $44.80
- Magnesium - $44.80
- PSA Diagnosis - $65.10
- Thyroid Stimulating Hormone (TSH) - $52.50
- Thyroid: T4 Free - $53.90
- Troponin - $41.30
- Urinalysis with Microscopy - $32.90

Level of Emergency Room Care
- Level One - $270.20
- Level Two - $380.10
- Level Three - $583.10
- Level Four - $870.10
- Level Five - $1420.30
**Lung**
- Bronchitis and Asthma without Comorbidities and Major Complications - $10,560.79
- Bronchitis and Asthma with CC/MCC - $14,878.30
- Chronic Obstructive Pulmonary Disease with Major Comorbidities - $16,504.58
- Lung Infection with Complications - $33,430.32
- Pulmonary Embolism with Major Comorbidities - $23,210.46
- Pulmonary Embolism without Major Comorbidities - $21,616.85
- Respiratory with Ventilator Support - $54,589.12
- Simple Pneumonia & Pleurisy without Comorbidities and Major Complications - $14,238.20

**Mental Health**
- Psychoses - $9,054.35

**Physical & Occupational Therapy**
- Neuromuscular Re-Education per 15 minutes - $57.40
- Manual Therapy per 15 minutes - $51.80
- Therapeutic Activity per 15 minutes - $57.40
- Physical Therapy Evaluation - $140.00
- Occupational Therapy Evaluation - $148.40

**Surgery Procedures**
The average charge does not include your physician’s fees, your surgeon and anesthesiologist will bill you separately. If you have a biopsy associated with your surgery, you will also have a pathologist fee. Please discuss these charges with your surgeon.

Surgeons use different equipment and implants (hip, knee and other replacement joints made by various manufacturers), and take varying amounts of time to perform the same procedure. The amount of time in the operating room may vary due to many factors, including the patient’s health condition or the physician’s approach to the particular procedure. Typically, the more time in the operating room, the more expensive the procedure.

- Emergency Obesity Surgery - $31,937.29
- Extracranial Procedures without CC/MCC - $17,469.80
- Laparoscopic Cholecystectomy without C.D.E. with CC - $24,959.96
- Laparoscopic Cholecystectomy without C.D.E. with MCC - $41,908.00
- Uterine and Adnexa Proc for Non-Malignancy without Comorbidities or Major Complications - $14,756.17
